Assumption of Risk and Release of Liability Relating to Coronavirus/COVID-19

The novel coronavirus ("COVID-19"), has been declared a worldwide pandemic by the World Health Organization. COVID-19 is contagious and is believed to spread mainly from person-to-person contact. As a result, federal, state/provincial, and local governments and federal and state/provincial health agencies recommend social distancing and have, in many locations, prohibited the congregation of groups of people, or significantly limited the size of any gathering.

With guidance from appropriate local, state/provincial, federal, and/or University COVID-19 health regulations, NCF/NCF-Envirothon will utilize preventative measures to reduce the spread of COVID-19. However, NCF/NCF-Envirothon cannot guarantee that you will not become infected with COVID-19, any other virus or any other communicable illness or disease (the “Illness” or “Illnesses”) as a result of attendance or through travel to/from the event or your stay at Mount Allison University (“University”), or as a result of participating in meetings or other activities related to your participation in NCF/NCF-Envirothon-sponsored events. Further, attending NCF/NCF-Envirothon programs or events could increase your risk of contracting an Illness.

By signing this Agreement:

- You acknowledge the contagious nature of the Illnesses and VOLUNTARILY ASSUME THE RISK that you may be exposed to or infected by Illnesses by participating in or attending the 2023 NCF-Envirothon New Brunswick Competition and activities and that such exposure or infection may result in personal injury, illness, disease, sickness, permanent disability, and possibly death to yourself or others with whom you come in contact.
- You acknowledge an inherent risk of exposure to COVID-19 exists in any public place where people are present, including those with or without masks and additional personal protective equipment (“PPE”) or improperly using masks or PPE.
- You understand that the risk of becoming exposed to or infected by Illnesses while participating in the 2023 NCF-Envirothon New Brunswick Competition may result from the actions, omissions, or negligence of yourself and others, including, but not limited to, University or Representatives, other program meeting participants and their families, carriers of the virus who do not have symptoms of COVID-19, as well as persons unrelated to NCF/NCF-Envirothon.
- You understand and acknowledge that NCF/NCF-Envirothon, its adult leaders and representatives cannot guarantee your safety or mitigate all risks involved in your participation in the 2023 NCF-Envirothon New Brunswick Competition.

As affirmed and accepted by my signature below, I AGREE, UNDERSTAND AND VOLUNTARILY ACCEPT AND AGREE TO ASSUME ALL the foregoing risks and accept sole responsibility for any exposure that could result in Illness to myself (including, but not limited to, personal injury, sickness, disability, and death), as well as any Illness, damage, loss, claim, liability, or expense, of any kind, that I may experience or incur in connection with my participation in or at a sponsored or hosted NCF/NCF-Envirothon activity.

On my behalf, I hereby release and agree to not take any legal action, and hereby formally discharge, release, and hold harmless NCF/NCF-Envirothon, its affiliates, subsidiaries, directors, officers, employees, agents, and representatives, and the directors, officers, employees and agents of each such affiliate and subsidiary of NCF/NCF-Envirothon from all liabilities, claims, actions, damages, costs or expenses of any kind arising out of or relating to such participation.

Further, I UNDERSTAND AND AGREE that this release includes any claims based on the actions, omissions, or negligence of NCF/NCF-Envirothon, its employees, agents, and representatives, whether an Illness or event occurs before, during, or after participation in any 2023 NCF-Envirothon New Brunswick Competition activity or related event.
