HEY YOU, STUDENTS

- Wear your sapphire team presentation shirt. Remember; you are dressed to impress today!
- Do NOT bring your electronic devices to your presentation (phones, smart watches, tablets etc.)

GOOD LUCK TO ALL!

ALL THINGS NEW BRUNSWICK!

New Brunswick has more than 55 remaining covered bridges, and King's County is considered the "Covered Bridge Capital of Atlantic Canada". In fact, the longest covered bridge in the world is located right here in Hartland, NB!

ATTENTION ADVISORS!

Don't forget to attend your morning meeting...final one! Please ensure that your team does not bring electronic devices to their oral presentations. Just themselves and a water bottle!

ALL THINGS FOODSTUFF!

When you visit New Brunswick, you had better try some fried clams! Although they originate from Massachusetts, these little battered babies are a mouth-watering treat for anyone with a taste for shellfish! And N.B. has an abundance of them! Enjoy them whole or in strip-form. It's all yummy!

FLICKR PHOTOS OF THURSDAY'S ACTIVITIES

SHARE YOUR PHOTOS!

Hey students! Post your pictures or videos on social media using the hashtag #2023ncfenvirothon and your team's name while holding/sporting some sweet 2023 NCF-Envirothon swag for a chance to win!

RECAP OF YESTERDAY

YESTERDAY'S HIGHLIGHTS

Thursday was certainly a day of schedules and organization! Our students spent their day learning about the Current Environmental Issue, then moving into sequestration to develop their solution(s) to the problem that was presented to them. Then it was a relaxing evening of outdoor games!

TODAY'S WEATHER WILL BE...

Mix of sun and cloud.
Chance of showers in the afternoon
HIGH: 29C/84F
HUMIDEX: 36/97

AND NOW A WORD FROM OUR SPONSORS... THANK YOU!
