

Envirothon Eyes & Ears

@NCFENVIROTHON

SCHEDULE FOR SATURDAY, JULY 29, AND FINAL MESSAGE FROM ALL OF US AT NCF ENVIROTHON

6-8am - Breakfast (Jennings Dining Hall)
Room check out

The week sure has flown by, hasn't it? It seems like yesterday we were registering you all! We want to thank the staff, volunteers, committee members, judges, guests, advisors and, **MOST OF ALL**, the students for their dedication and passion! It has been a privilege to be a part of the 2023 NCF Envirothon with you, and we are confident that you will go home and spread the word about climate change; full of ideas about how to save this beautiful planet. See you next year in New York!

HEY YOU, STUDENTS!

- Make sure you empty out your rooms. Don't forget anything!
- Safe travels and good luck in your studies in the fall!

ALL THINGS NEW BRUNSWICK!

In our final edition of "All Things N.B.", we will mention that the Bay of Fundy and the Gulf of Mexico are the 2 fastest-warming bodies of water as a result of our changing climate. As you all head back to your states and provinces, take a moment to think about how we can make a change in our 'nook of the world'. Big or small, we can ALL make a difference, and we HAVE the power.

ATTENTION ADVISORS!

Please make sure your students have gathered all of their belongings :)
Have a safe trip back to your home state, province and country!
Don't panic about leaving; you can remain at M+A until it's time to leave for your flight!

Envirothon Eyes & Ears

ALL THINGS FOODSTUFF!

Our final foodstuff of the week is one that is talked about a LOT in N.B.: **lobster!** Lobster is at the heart of this province, and there are more dishes made with lobster than we have space to write. Lobster dishes are set on New Brunswicker's tables on a VERY regular basis!

FLICKR PHOTOS OF FRIDAY'S ACTIVITIES

SHARE YOUR PHOTOS!

Thank you to everyone who shared their photos online; whether it was an organization, sponsor, partner, advisor or student/team, it was wonderful to see the pictures that we are tagged in. Keep them coming!

RECAP OF YESTERDAY

YESTERDAY'S HIGHLIGHTS

What a day! Oral presentations, top 3 announcement AND presentations, and a wonderful & heartfelt awards ceremony! Then it was time to let loose at the Maritime Kitchen Party. An amazing way to end the 2023 event!

TODAY'S WEATHER WILL BE...

Mix of sun and cloud; becoming cloudy in the afternoon.
HIGH: 25C/77F
HUMIDEX: 28/82

AND NOW A WORD FROM OUR PARTNERS... THANK YOU!
