

# 2024 NCF-ENVIROTHON NEW YORK

## Exceptional Merit Award

Awarded to teams who demonstrate exceptional teamwork, outstanding spirit, and other remarkable qualities at the 2024 NCF-Envirothon Annual Competition.

### Alabama

The Alabama team faced many obstacles throughout the competition and handled each moment with not only grace but with smiles on their faces. They always focused on the positive, demonstrating their determination to persevere and succeed, no matter what. For this determination and positivity, they are granted the Exceptional Merit Award.

### West Virginia

West Virginia's team consistently helped lighten the mood and reduce the stress of competition. Even when the wheels fell off their car, they kept going and cheering for others. For truly embracing the spirit of spreading joy and fellowship throughout the Envirothon Program, they are granted the Exceptional Merit Award.

### Iowa

Iowa exemplified great teamwork throughout the competition. They supported and looked after each other no matter what. They acted as a cohesive unit, showing what it means to be a team. For being an exceptionally kind and courteous team, they are granted the Exceptional Merit Award.

### Mississippi

Mississippi's team brought great spirit to the Envirothon Program. During the competition, they engaged other teams in playful trivia and always greeted everyone with bright smiles! For their welcoming and joyful spirit, they are granted the Exceptional Merit Award.

### New Mexico

New Mexico has been welcoming and supportive to everyone in the competition throughout the Envirothon Program. They were invariably kind and helpful to all of the other teams. For their thoughtful and caring disposition, they are granted the Exceptional Merit Award.

## Renewable Energy for a Sustainable Future

*Winners were chosen from a pool of more than 25 nominations put forward by advisors, guests, and the students' peers, and will be acknowledged by the 2024 New York Host Committee.*
