- 9:30pm-12:00am - Guest and volunteer hospitality lounge (Hirshon Ball Room)
- 11:00pm - Team Curfew (students must be in their own room)

Today's tip is about public speaking. Remember, you know your presentation. Be confident, be calm, and **BE YOURSELF**. You got this!

HEY STUDENTS!

WEAR YOUR NAVY OP SHIRT!

REMEMBER: YOU ARE DRESSED TO IMPRESS TODAY!

DON'T FORGET TO LEAVE ALL OF YOUR ELECTRONICS IN YOUR ROOM.

GOOD LUCK!

ATTENTION ADVISORS!

Don't forget to attend your morning meeting; it's the last one! 😞

Please ensure that your team does NOT bring any electronics with them to their oral presentations. All they need is themselves and a water bottle.

CHECK-OUT REMINDER FOR TOMORROW

It's sad to think about, but please ensure your plans are made for check-out and travel tomorrow! The check-out process must be completed by **NO LATER THAN 10:00am** on Saturday morning. It is the responsibility of the Team Advisor/Chaperones to make sure the team follows the proper procedures **BEFORE** leaving campus. Work with your team to prep for check-out and travel!

ENVIROTHON EYES & EARS

FRIDAY, AUGUST 2, 2024

FOODS OF NEW YORK!

As we mentioned earlier this week, New York is known for the invention of a variety of foods. Today we are thanking this great state for the invention of the CRONUT. It's a pastry that's a cross between a croissant and a donut!

TODAY'S WEATHER WILL BE...

Sun and cloud in the morning, with a thunderstorm in the afternoon. **HIGH: 83F (28C) HUMIDEX: 93 (34)**

PHOTO RECAP OF THURSDAY!

SHARE YOUR PHOTOS!

Hey students! Post your pictures or videos on social media using the hashtag #2024ncfenvironthon and your team's name!

HIGHLIGHTS FROM YESTERDAY

Thursday was definitely a day for schedules and organization! The students spent the morning learning about their Current Environmental Issue, then moved into their sequestration to develop their solution to the problem that was presented to them. They then worked together to design their oral presentation, and relaxed on campus for the evening. GREAT JOB STUDENTS! We are all proud!

FLICKR PHOTOS OF THURSDAY'S ACTIVITIES

TRIVIA OF THE DAY!

What percentage of wildlife on Earth is thought to be aquatic?

ANSWER IS HIDDEN ON PAGE 1

LIVESTREAM REMINDER

Don't forget to tell your family & friends about the livestreaming of the top 3 presentation and the closing ceremonies!

ALL THINGS NEW YORK

Grand Central Station, located in New York City, is the world's largest. It may not look that big, but it has 44 platforms on two underground levels...that it covers 48 acres of land. That is one huge train station!

AND NOW A WORD FROM OUR SPONSORS... THANK YOU!
