This week sure has flown by, hasn't it? It seems like we were just registering and getting the team photos taken! 😱

We were all SO excited to meet the students, teachers/advisors, guests, chaperones and volunteers who attended the competition this year. We hope you have had a chance to see and experience a side of New York that many don't know. Our hosts have been incredibly gracious to open the doors to their great state, and they have certainly shown us hospitality that was second to none. When one thinks of New York, their mind immediately goes to the "Big Apple", so we tend to miss the 54,556 square miles of mountains, rivers, coastlines, farmland, cities and wilderness that makes up N.Y. It has been a pleasure to experience a little nook of it, and we truly hope you have enjoyed it as well.

We want to thank Hobart and William Smith Colleges for hosting us this year; we know it's no small feat to host this many people! NCF-Envirothon would like to thank the **New York Host Committee**, the New York state Envirothon program, and all of the New York supporters and volunteers who hosted us. Finally, and MOST OF ALL, we want to thank the students for their dedication and passion! It has been a privilege to be part of the 2024 NCF-Envirothon with you, and we are confident that you will go home and spread the word about renewable energy, full of ideas about how to save this beautiful and unique planet. See you in 2025 in Calgary, Alberta, Canada. We can't wait to see you again!

HEY STUDENTS!

MAKE SURE TO EMPTY OUT YOUR ROOMS. DO NOT FORGET ANYTHING!

SAFE TRAVELS, AND GOOD LUCK WITH YOUR STUDIES IN THE FALL!

ATTENTION ADVISORS!

Make sure you check out of the college prior to leaving! Your teams must turn their keys! You can drop them by the Red Barn this morning.

FOODS OF NEW YORK!

Our final food of the week will be the EVER popular (and DELICIOUS) New York-style pizza, which was invented in 1905 by a restaurant called Lombardi's. Does anything get more New York than that?

TODAY'S WEATHER WILL BE...

Intervals of cloud and sun, mixed with some showers.

HIGH: 83F (28C)

HUMIDEX: 91 (33)

PHOTO RECAP OF FRIDAY!

SHARE YOUR PHOTOS!

Thanks to all who shared their photos online; whether it was an organization, sponsor, partner, advisor or student/team, it was GREAT to see the pictures that we are tagged in. Keep them coming!

HIGHLIGHTS FROM YESTERDAY

It was whirlwind today! The students demonstrated their public speaking skills during their oral presentations, and then all waited with baited breath for the top 3 announcements. The finalists presented to the entire group, and then it was time for a wonderful banquet dinner and closing ceremonies. It was then time to finally REALLY let loose with a fantastic DJ and dance party. What an AMAZING way to end off the 2024 NCF-Envirothon. Fantastic!

FINAL TRIVIA OF THE DAY!

What percentage of plastic do we recycle (globally)?

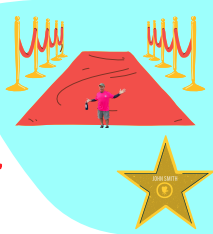

ANSWER IS HIDDEN ON PAGE 1

FLICKR PHOTOS OF FRIDAY'S ACTIVITIES

see you soon

ALL THINGS NEW YORK

There are a LOT of celebrities who were born in the great state of N.Y.! Just a few include Tom Cruise, Steven Tyler, Post Malone, Adam Sandler, Robert De Niro, Robert Downey Jr., Jimmy Fallon, Pete Davidson, and Timothy Chalamet!

THANK YOU SPONSORS!

AND NOW A WORD FROM OUR SPONSORS... THANK YOU!
